Re: NHTSA Recall No. 00T-004

Dear Mr. White:

Pursuant to 49 C.F.R. § 573.5(c)(9), is a representative copy of each of the notices, bulletins and other communications that relate directly to the referenced tire recall and which have been sent to more than one distributor or dealer by Metzler Reifen GmbH.

Specifically, the enclosed documents are:

- (1) The letter from Metzler to each of its two distributors;
- (2) The notice prepared for the distributors to serve upon their dealers explaining the tire recall procedure; and
- (3) Mailing list of the known dealers.

Respectfully submitted,

Dennis N. Barnes

**Subject: METZELER Tires ME 880 130/70 R 18 M/C 63H TL
and ME 880 160/80 R 16 M/C 80H RF.TL**

Dear Sirs,

We make reference to our recent phone conversations during which we asked you to immediately stop delivery of the subject tires to dealers and we communicate to you the following:

Our continuing market and product observations have made us aware that under certain extreme circumstances the tires ME 880 130/70 R 18 M/C 63H TL and 160/80 R 16 M/C 80H RF.TL show high speed vibration and handling issues when mounted on Honda GL 1500 motorcycles with one rider and loaded saddle bags operating in very high air / asphalt temperatures.

As a result, we have concluded that these tires do not consistently meet the optimum Metzeler quality-specifications which guarantee safe tire performance, and we have decided to immediately remove all

130/70 R 18 M/C 63H TL ME 880 IP. 1042400

160/80 R 16 M/C 80H RF.TL ME 880 IP. 1042500

tires from the market. This letter is intended to instruct you regarding handling returns from consumers and handling inventory returns.

Consumer Returns

We are asking you as a distributor of Metzeler motorcycle tires to immediately contact your dealers or notify us of the names, addresses and telephone/facsimile numbers of your dealers so that we may notify your dealers and ask them to assist their customers in removing all such tires from the marketplace. We will ask the dealers to support Metzeler by promptly supplying names, addresses and telephone/facsimile numbers of all customers to whom these tires have been delivered. Such information regarding the customers should be sent by fax or electronic mail to Metzeler Motorcycle Tire of North America Corporation (MMTNA) at the address indicated below. The customer will then be contacted

directly by Metzeler. We will ask them to immediately replace their tires, at Metzeler's expense, with a brand of their choice or refund the original purchase price upon receipt of the ME880 tire(s).

When a consumer contacts a dealer requesting replacement of these Metzeler tires or a refund, the dealer should call Metzeler at telephone no. 610-524-2190. The dealer should be prepared to give us the consumer's name, address and telephone number. To obtain reimbursement for the replacement tire(s) and labor or a refund, the dealer must cut through the sidewall and remove the 11 character DOT number(s) from the take-off tire(s) and mail it (them), along with the invoice (including on the invoice the customer's name, address and phone number) for the replacement tire(s) and labor charge, if applicable, to:

**Metzeler Motorcycle Tire

300 North Pottstown Pike, Unit 280
Exton, Pennsylvania (PA) 19341
Tel.: 610-524-2190
Fax: 610-524-2191
E-mail: metzpir@aol.com**

It is important that each customer-returned ME 880 tire be rendered unserviceable by the dealer. We will track this destruction by receipt of the cut out DOT numbers.

We will in turn issue a check for the full amount of refund or the replacement tire(s) and labor cost to the dealer. If you or your dealer would like more information regarding this transaction or if you have any questions about the tire itself, please call MMTNA.

Inventory Returns

1. Metzeler Motorcycle Tire Dealers:

Please instruct your dealers as follows:

Please return all ME 880 130/70 R 18 and 160/80 R 16 to the Distributor from where they were purchased. Prior to shipping the tires, contact the Distributor to arrange for the carrier and time of shipment. Ship the tires freight collect, along with a copy of your original invoice. You will be reimbursed for your original purchase price of the new and unused tires plus US \$ 3.00 per tire for handling. These monies will be paid to you by your Distributor.

2. Metzeler Motorcycle Tire Distributors:

Please immediately hold all ME 880 130/70 R 18 and 160/80 R 16 tires in your current inventory, along with those returned to you by dealers.

**REMEMBER, THE RETURN PROCEDURE IS FOR INVENTORY TIRES ONLY,
NOT FOR THOSE THAT HAVE BEEN MOUNTED ON A CONSUMERS
VEHICLE!**

**Mail a copy of any freight bill you paid when dealers shipped the tires to you, and
your tax I.D. number, to:**

**Metzeler Motorcycle Tire
of North America Corporation
300 North Pottstown Pike, Unit 280
Exton, Pennsylvania (PA) 19341**

You will receive:

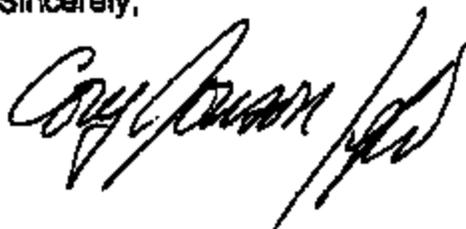

- a. The distributors base price for each Metzeler tire returned;**
- b. a \$ 8.00 US handling fee per tire (\$ 3.00 US of which we are asking you to
pass back to those dealers who returned new ME880 tires to you); and**
- c. the freight charges (as reflected on the copies of the freight invoices you
supplied Metzeler) you paid when dealers returned these new tires to you
freight collect.**

You will receive instructions on the return of tires in inventory to Metzeler shortly.

**Again, we greatly appreciate your patience and cooperation in this matter. If you
have any questions, please contact Metzeler customer service Tel. 610-524-2190.**

**Please be assured, that Metzeler is working by all available resources to come up
with a fitment for HONDA Gold Wing as soon as possible in order to meet the high
standard of Metzeler products and customers expectations. Metzeler being a No 1
tire supplier not only of the replacement market bus as well a major original
equipment partner of the motorcycle industry, is well aware of this brand
responsibility and 100% concentrated to achieve full customer's satisfaction also
in the future.**

Sincerely,
