**Dear General Motors Customer:**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

**Reason For This Recall:** General Motors has decided that certain 2001-2002 C/K 2500/3500 pickup trucks equipped with a diesel engine fail to conform to Federal/Canada Motor Vehicle Safety Standard (FMVSS) 105, Hydraulic Service Brake, (CMVSS) 105, Hydraulic and Electric Brake Systems. These vehicles have a brake system warning light in the instrument cluster that may not illuminate when the brake fluid is low. In addition, when the brake fluid is low, the vehicle may not meet the partial system requirement of FMVSS 105. These conditions could result in reduced braking capability. If reduced braking capability were to occur, and if stopping distance is limited, a crash could occur.

**What Will Be Done:** Your GM dealer will change the location of a wire connection in the underhood bussed electrical center. This service will be performed for you at no charge.

**How Long Will The Repair Take?** The length of time required to perform this service correction is approximately twenty minutes. Additional time may be required to schedule and process your vehicle. If your dealer has a large number of vehicles awaiting service, this additional time may be significant. Please ask your dealer if you wish to know how much additional time will be needed to schedule, process and repair your vehicle.

**Contacting Your Dealer:** Please contact your dealer as soon as possible to arrange a service date. Instructions for making this correction have been sent to your dealer. Your dealer is best equipped to obtain parts and provide services to correct your vehicle as promptly as possible. Should your dealer be unable to schedule a service date within a reasonable time, you should contact the appropriate Customer Assistance Center at the listed number below:

If, after contacting the appropriate Customer Assistance Center, you are still not satisfied that we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street, SW, Washington, DC 20590 or call 1-888-327-4236.

**Customer Reply Card:** The attached customer reply card identifies your vehicle. Presentation of this card to your dealer will assist in making the necessary correction in the shortest possible time. If you no longer own this vehicle, please let us know by completing the attached and mailing it in the postage paid envelope.

We are sorry to cause you this inconvenience; however, we have taken this action in the interest of your safety and continued satisfaction with our products.
