SAFETY RECALL OF COMBINATION HEAD LIGHT/CLEAR CORNER, BUMPER & SIDE MARKER LIGHTS

To all Distributors of CK Motorsport Inc. who have purchased the above mention products from our company.

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

CK Motorsport has decided that all combination headlights, clear corner, bumper & side marker lights sold by us to you fail to conform to Federal Motor Vehicle Safety Standard No. 108. CK Motorsport has been instructed by the National Highway Transportation Safety Administration to recall all products purchased from CK Motorsport that is currently in our distribution channel. Please read and follow the instructions below.

NATURE OF THE RECALL

Over past 5 years, there are over 35 to 45 companies, who imported the popular show car products refereed to as "Combination headlights, clear corner & bumper side marker lights" are impacted by NHTSA's recent actions requiring compliance of all lights. Even we recommend our customers use as show car purpose, these products, which "can" replace OE parts must comply with FMVSS standards. Specifically to the product sold, the side reflectors are not amber in color. While there may be other aspects of noncompliance, we have identified this as reason enough to declare a defect of the parts sold, and to file a report of defect with the National Highway Traffic Safety Administration.

FOLLOW THE STEPS

1. Identify CK Motorsports' products in your inventory that you wish to return. Because we are only one of many importers of these products made by 3-5 primary lighting manufactures, we can only recall the products which was originally sold to you by CK Motorsports INC. All products sold by CK Motorsports Inc. had both an additional disclaimer label and a part number label on each imported light box. They can be identified by their shape, text style and content, please see attached page 4.
2. CK Motorsport is not required to nor will be a clearing house for all non compliant lenses sold to you by other importers. These item # are unique to the products we sell and are required to be on all products returned to our warehouse. CK Motorsport reserves the right to return to the distributor for the product made by same source as our products but lacking these unique CK Motorsport labels.
3. Once the CK Motorsports' product you wish to return is identified, call Ms. Cindy Kwan at our office in Walnut California for a RMA number. CK Motorsports Inc. will pay for all freight costs involving this recall.
4. CK Motorsports Inc. will verify the returned product and will allow the distributor to select other CK Motorsports' products in stock in an equal exchange of your original cost.

SAFETY RISK RELATED TO THE PROBLEM

While CK Motorsport Inc. has not received a single consumer complaint or report of a safety related incident relating to or caused by the noncompliance product, it is NHTSA's position that there is sufficient potential for a problem to mandate this recall. The product comes from the same tooling as compliant product. They are simply the wrong color in reflector.

If CK Motorsports Inc. fails or is unable to remedy this problem (fail to exchange on returned non compliant product identified as sold to you by CK Motorsport Inc. for other products of equal value) without charge within a reasonable time, you may submit a written complaint to the Administrator, National Highway Traffic Safety Administration, 400 Seventh Street SW, Washington, DC 20590 or call the toll free auto safety hotline at 1-800-327-4236 or locally at 202-366-0123.

We apologize for any inconvenience associated with this recall. While we realize that you, like us, never sold the product as compliant, we hope you appreciated the concerns of the National Highway Traffic Safety Administration and recognize the potential safety issues that noncompliance lenses if misused by the consumer and driven on public roads.

Thank you for your immediate attention this very important matter.

Ken Chu

CK Motorsports Inc.

Sincerely,

Ken Chu
President
