

Dear General Motors Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that certain 2006 Chevrolet Kodiak and T-Series; GMC TopKick and T-Series; and Isuzu FVR and FXR vehicles equipped with air brakes fail to conform to Federal/Canada Motor Vehicle Safety Standard 121, Air Brake System. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we have taken this action for your safety and continued satisfaction with our products.

I M P O R T A N T

- Your vehicle is involved in recall 06054.
- Schedule an appointment with your GM dealer.
- This service will be performed for you at **no charge**.

Why is your vehicle being recalled?

General Motors has decided that your vehicle may fail to conform to Federal/Canada Motor Vehicle Safety Standard 121, Air Brake System. The brake system on your vehicle has a check valve that, at times, may not seat properly, creating an internal air leak. This leakage can cause a delay in the application of the spring brakes when the operator pulls the dash valve button. If the vehicle is on an uneven surface, it could result in unintended vehicle movement and a possible vehicle crash. This condition does not affect normal service braking.

What will we do?

Your GM/Isuzu dealer will inspect the air brake park control valve, and if necessary, replace the valve. This service will be performed for you at **no charge**. Because of service scheduling requirements, it is likely that your dealer will need your vehicle longer than the actual inspection and service correction time of approximately 25 minutes to 55 minutes, depending on the service needed.

What should you do?

You should contact your GM/Isuzu dealer to arrange a service appointment as soon as possible. Bring the enclosed customer reply form with you when you visit your dealer. The form identifies the repairs required. If you no longer own this vehicle, please let us know by completing the form and mailing it back to us.

Do you have questions?

If you have questions or concerns that your dealer is unable to resolve, please contact the Customer Assistance Center at 1-800-862-4389.

If after contacting your dealer and the Customer Assistance Center, you are still not satisfied we have done our best to remedy this condition without charge and within a reasonable time, you may wish to write the Administrator, National Highway Traffic Safety Administration, 400 Seventh St., SW, Washington DC 20590, or call the toll-free Vehicle Safety Hotline at 1.888.327.4236 (TTY 1.800.424.9153), or go to <http://www.safercar.gov>.

Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.
