We have reviewed your proposed owner notification letter and it meets the requirements of Part 577. However, the reimbursement rule became effective on January 15, 2003. Accordingly, following that date, any 573 Notice that we receive must contain a reimbursement plan. Please read Part 573.13 for the requirements of the plan. Therefore, if these motorcycles are not covered under a warranty, a reimbursement statement must be added to the owner letter. i.e., "If you had this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information contact Victory Consumer Service Department at 1-763-417-8650."

Please provide the following additional information and be reminded of the following requirements:

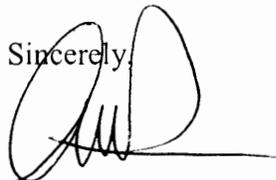

You are required to provide an estimated date including month, day, and year, when you will send notifications to dealers and distributors as soon as it becomes available.

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. As stated in your report, owner notification is expected to begin on July 28, 2006. Therefore, the first quarterly report will be due on or before October 30, 2006.
