**Other Terms:** To the extent that they are used in these information requests, the terms "claim," "consumer complaint," "dealer field report," "field report," "fire," "fleet," "good will," "make," "model," "model year," "notice," "property damage," "property damage claim," "rollover," "type," "warranty," "warranty adjustment," and "warranty claim," whether used in singular or in plural form, have the same meaning as found in 49 CFR 579.4.

In order for my staff to evaluate the alleged defect, certain information is required. Pursuant to 49 U.S.C. § 30166, please provide numbered responses to the following information requests.

Insofar as Ducati has previously provided a document to ODI, Ducati may produce it again or identify the document, the document submission to ODI in which it was included and the precise location in that submission where the document is located. When documents are produced, the documents shall be produced in an identified, organized manner that corresponds with the organization of this information request letter (including all individual requests and subparts). When documents are produced and the documents would not, standing alone, be self-explanatory, the production of documents shall be supplemented and accompanied by explanation.

Please repeat the applicable request verbatim above each response. After Ducati's response to each request, identify the source of the information and indicate the last date the information was gathered.

1. State, by model and model year, the number of subject motorcycles Ducati has manufactured for sale or lease in the United States. Separately, for each subject motorcycle manufactured to date by Ducati, state the following:
  - a. Motorcycle identification number (VIN);
  - b. Model Year;
  - c. Model;
  - d. Date of manufacture;
  - e. Warranty coverage start date;
  - f. Original purchaser first and last name; and
  - g. The selling dealer (business name).

Provide the table in Microsoft Access 2000, or a compatible format (e.g., Microsoft Excel), entitled "PRODUCTION DATA." See the attached CD-ROM, titled "PE07-040 IR Attachments", for pre-formatted template illustrating the requested information format.

2. State the number of each of the following, received by Ducati, or of which Ducati is otherwise aware, which relate to, or may relate to, the alleged defect:
  - a. Consumer complaints;
  - b. Field reports, including dealer field reports;
  - c. Reports involving a crash, injury, or fatality, based on claims against the manufacturer involving a death or injury and/or notices received by the manufacturer alleging or proving that a death or injury was caused by a possible defect in a subject motorcycle.
  - d. Property damage claims;
  - e. Third-party arbitration proceedings where Ducati is or was a party to the arbitration; and
  - f. Lawsuits, both pending and closed, where Ducati is or was a defendant or codefendant.

For subparts "a" through "d," state the total number of each item (e.g., consumer complaints, field reports, etc.) separately. Multiple incidents involving the same motorcycle are to be counted separately. Multiple reports of the same incident are also to be counted separately (i.e., a consumer complaint and a field report involving the same incident in which a crash occurred are to be counted as a crash report, a field report and a consumer complaint).

In addition, for items "c" through "f," provide a summary description of the alleged problem and causal and contributing factors and Ducati's assessment of the problem, with a summary of the significant underlying facts and evidence. For items "e" and "f," identify the parties to the action, as well as the caption, court, docket number, and date on which the complaint or other document initiating the action was filed.

3. Separately, for each item (complaint, report, claim, notice, or matter) within the scope of your response to Request No. 2, state the following information:
  - a. Ducati's file number or other identifier used;
  - b. The category of the item, as identified in Request No. 2 (i.e., consumer complaint, field report, etc.);
  - c. Motorcycle owner name, address, and telephone number;
  - d. Motorcycle's VIN;
  - e. Motorcycle model year;
  - f. Motorcycle's mileage at time of incident;
  - g. Incident date;
  - h. Report or claim date;
  - i. Whether a crash is alleged;
  - j. Whether property damage is alleged;
  - k. Number of alleged injuries, if any; and
  - l. Number of alleged fatalities, if any.

Provide this information in Microsoft Access 2000, or a compatible format (e.g., Microsoft Excel), entitled "COMPLAINT DATA." See the attached CD-ROM, titled "PE07-040 IR Attachments", for pre-formatted template illustrating the requested information format.

4. Produce copies of all documents related to each item within the scope of Request No. 2. Organize the documents separately by category (i.e., consumer complaints, field reports, etc.) and describe the method Ducati used for organizing the documents.
5. State, by model and model year, a total count for all of the following categories of claims, collectively, that have been paid by Ducati to date that relate to, or may relate to, replacement of the subject components : warranty claims; extended warranty claims; claims for good will services that were provided; field, zone, or similar adjustments and reimbursements; and warranty claims or repairs made in accordance with a procedure specified in a technical service bulletin or customer satisfaction campaign.

Separately, for each such claim, state the following information:

- a. Ducati's claim number;
- b. Motorcycle owner and telephone number;
- c. VIN;
- d. Repair date;
- e. Motorcycle mileage at time of repair;
- f. Repairing dealer's (business name);
- g. Labor operation number;
- h. Problem code;

- i. Replacement part number(s) and description(s);
- j. Concern stated by customer; and
- k. Comment, if any, by dealer/technician relating to claim and/or repair.

Provide this information in Microsoft Access 2000, or a compatible format (e.g., Microsoft Excel), entitled "WARRANTY DATA." See the attached CD-ROM, titled "PE07-040 IR Attachments", for pre-formatted template illustrating the requested information format.

In addition to the total counts requested above, provide Ducati's assessment, by model and model year, of the number of claims within each of the counts given that relate to, or may relate to, the alleged defect.

6. Describe in detail the search criteria used by Ducati to identify the claims identified in response to Request No. 5, including the labor operations, problem codes, part numbers and any other pertinent parameters used. Provide a list of all labor operations, labor operation descriptions, problem codes, and problem code descriptions applicable to the alleged defect. State, by model year, the terms of the new motorcycle warranty coverage offered by Ducati on the subject motorcycles (i.e., the number of months and mileage for which coverage is provided and the motorcycle systems that are covered). Describe any extended warranty coverage option(s) that Ducati offered for the subject motorcycles and state by option, model, and model year, the number of motorcycles that are covered under each such extended warranty.
7. Produce copies of all service, warranty, and other documents that relate to, or may relate to, the alleged defect, and or the subject component, that Ducati has issued to any dealers, regional or zone offices, field offices, fleet purchasers, customers, or other entities. This includes, but is not limited to, bulletins, advisories, informational documents, training documents, or other documents or communications, with the exception of standard shop manuals. This also includes any material related to before-sale motorcycle preparation at the dealer location. Also include the latest draft copy of any communication that Ducati is planning to issue within the next 120 days.
8. Describe all assessments, analyses, tests, test results, studies, surveys, simulations, investigations, inquiries and/or evaluations (collectively, "actions") that relate to, or may relate to, the alleged defect, and or the subject component, that have been conducted, are being conducted, are planned, or are being planned by, or for, Ducati.   - f. A brief summary of the findings and/or conclusions resulting from the action.

For each action identified, provide copies of all documents related to the action, regardless of whether the documents are in interim, draft, or final form. Organize the documents chronologically by action.

9. Describe all modifications or changes made by, or on behalf of, Ducati in the design, material composition, manufacture, quality control, supply, or installation of the subject component, from the start of production to date, which relate to, or may relate to, the alleged defect. For each such modification or change, provide the following information:
  - a. The date or approximate date on which the modification or change was incorporated into motorcycle production;
  - b. A detailed description of the modification or change;
  - c. The reason(s) for the modification or change;
  - d. The part numbers (service and engineering) of the original component;
  - e. The part number (service and engineering) of the modified component;
  - f. Whether the original unmodified component was withdrawn from production and/or sale, and if so, when;

  - a. The causal or contributory factor(s);
  - b. The failure mechanism(s);
  - c. The failure mode(s);
  - d. The risk to motor vehicle safety that it poses; and
  - e. What warnings, if any, a motorcycle owner would have that the alleged defect was about to occur.
