RE: Dometic Refrigerator Recall

Dear Mr. & Mrs.

Sportsmobile Texas, Inc. has been informed that the Dometic refrigerator that we have installed in your Sportsmobile has been recalled.

The Dometic unit being recalled is Model # RM2663.

This is the procedure for the fix:

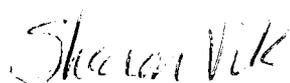

1. Call the Dometic Recall Center at 888-446-5157 and give them the Model and Serial Numbers of your Dometic refrigerator, along with your Vehicle Identification Number (VIN).
2. They will then direct you to the nearest service center for you to get your unit serviced. Sportsmobile is **not** authorized to service this refrigerator.

The service for the recalled Dometic refrigerator will be at no cost to you.

We ask that you get this taken care of as soon as possible, as delaying the repair may result in your unit not cooling, as well as other potentially serious problems.

We hope you are enjoying your Sportsmobile!

Thank you,

Sharon Vik
