Re: Freightliner Defect Information Report 07V-306

Dear Mr. Smith,

This letter is written to notify the National Highway Traffic Safety Administration that Fleetwood Enterprises, Inc., is aware of the voluntary initiation of a recall notification campaign affecting Fleetwood produced recreational vehicles as listed below:

Motor Homes

<u>Model Year</u>	<u>Product</u>	<u>Manufacture Dates</u>
2007 & 2008	Bounder Diesel	5/22/07 - 6/26/07
2007 & 2008	Discovery	2/07/07 - 5/18/07
2007 & 2008	Excursion	2/15/07 - 4/25/07
2007 & 2008	Expedition	2/09/07 - 5/29/07
2007 & 2008	Providence	1/30/07 - 6/12/07

This voluntary recall campaign is being conducted by:

Freightliner LLC  
P.O. Box 3849  
Portland, Oregon 97208  
(503) 745-5219

This voluntary recall campaign involves approximately 665 Fleetwood class A motor homes manufactured with Freightliner chassis.

Fleetwood estimates that less than 1% of the above motor homes contain the safety defect. This is based on the Part 573 Safety Defect Report that Freightliner LLC provided to the National Highway Traffic Safety Administration on July 3, 2007 and to Fleetwood Enterprises Inc., on April 22, 2008.

The reason for this recall is during Freightliner front axle assembly, the fasteners that attach the steering arm or the tie rod arms to the spindle may have been over or under tightened. Incorrectly tightened fasteners may fatigue and fracture, resulting in a possible vehicle crash without prior warning.

Fleetwood has no reason to disagree with this action or the recall remedy. Fleetwood is relying on Freightliner LLC and the National Highway Traffic Safety Administration to monitor campaign performance.

Regards,

FLEETWOOD ENTERPRISES, INC.
