Subject: Re: Ford 08V-058 Inquiry [DORTPDD01DS: No Virus Found]

Mr. Ansley,

In response to your inquiry below for information as to whether Magna Closures sold the same or similar door handles as those involved in recall Ford 08V-058 (the "Recall"). Magna Closures has reviewed its records and has not sold any of the same handles as those involved in the Recall to any other vehicle manufacture. Magna Closures has also reviewed all other handle products we supply to other vehicle manufactures, and there are no handles with the similar handle and spring interface as those involved in the Recall.

Regards,

Steve Bauer

Subject Ford 08V-058 Inquiry

Mr. Bauer,

Hello. We are following up on Ford recall 08V-058 (attached). Has Magna Closures sold the same or similar door handles recalled by Ford to any other vehicle manufacturer?

Please contact me with any questions.

Thanks,

Alex Ansley

Alex,

Sorry to take so long getting back to you. The Tier 1 supplier for the fuel rail crossover hose is Cooper Standard Automotive. The contact name is Mark Whatley at (313) 268-3236. Cooper's address is 2110 Executive Hills Court, Auburn hills, MI 48236.

Please call me if you need additional information.

Ray,

Can we have the supplier contact information from #08V-057? We will need to make sure they didn't make these fuel hoses for any other OE.

Thanks,
