IMPORTANT RECALL INFORMATION #71003

December, 2007

Dear Valued Fleetwood Motor Home Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Fleetwood Enterprises, Inc., on behalf of its subsidiary manufacturing center located in Riverside, California has decided that a defect which relates to motor vehicle safety exists in certain 2007 and 2008 model year Bounder and Pace Arrow 38 P model motor homes.

WHAT IS THE PROBLEM?

On certain Bounder and Pace Arrow 38 P model motor homes the slide out room may operate unexpectedly. This causes your overall vehicle width to increase. This extra width can lead to a collision while traveling, or an impact with objects adjacent to the slide out room while the motor home is parked. This unexpected operation results from water shorting out your slide out room control relay. To correct this defect Fleetwood dealers will inspect, and if necessary, relocate certain electrical components and seal associated compartments from the elements.

WHAT SHOULD YOU DO?

Please make certain your motor home is inspected and repaired by contacting your selling dealer, and making an appointment to have this inspection and repair performed. If they are not available, another Fleetwood motor home dealer may do this work for you.

It is recommended that until your motor home is inspected or repaired to store your motor home away from adjacent objects and be very aware of possible slide out room operation while traveling.

WHAT WILL FLEETWOOD DO?

With your continued satisfaction in mind, it is our intention to have these repairs made at your convenience with as little disruption as possible. Effective immediately, Fleetwood dealers will be supplied with all the information needed to enable them to inspect and if necessary, relocate certain electrical components and seal associated compartments from the elements.

The total length of time your motor home will be out of service will depend on the dealer's work schedule.

If you have had this concern corrected previously, you may be eligible for reimbursement of your cost for that repair. For more information regarding this recall #71003 contact Fleetwood Owner Relations at 800-509-3418.

When you deliver your motor home for repairs, your dealer will complete a Fleetwood Repair Order. Upon completion of the repair, please sign the dealership's Repair Order or Fleetwood's Repair Order and fill out the enclosed, self-addressed **Vehicle Information Update Card** and return it to Fleetwood. This will allow us to update our records and if necessary, notify the new owner using the information you provide.

For leased vehicles: Federal regulation requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you are unable to obtain the specified repair promptly and without charge, please contact:
