DOMETIC RECALL

Pastime is a manufacture of truck campers, that are then sold to dealers. Pastime had 31 campers that fell under the Dometic recall notice.

Each camper is given a serial number, work order and a quality control sheet. On the quality control sheet is a listing of appliances and their serial number. We found 31 refrigerators that were effected by the Dometic recall notice.

The serial number of the effected camper was given to the dealer who purchased that unit on July 07 2008. They were asked to supply Pastime with a list of individuals name and address of the retail party who bought the camper. This list of 31 campers was completed on July 11 2008.

A recall letter was then sent to each individual owner of a Pastime camper. The list was complete and a recall was sent to all 31 owners on July 18 2008.

IMPORTANT SAFETY RECALL INFORMATION!!!

This letter is being sent to you in order to address a potential safety defect. The recall affects Dometic two door refrigerators of which yours is on the list to be recalled. The well-being of Pastime & Dometic customers is of the highest concern. A serious problem resulting in a fire may occur in an exceptionally small fraction of Dometic two door refrigerators but to address that potential risk, please take immediate action.

Simply contact your Pastime dealer right away to schedule a service appointment. Your refrigerator will be modified free of charge (parts & labor).

We're sorry for any inconvenience, but we are sincerely concerned about your safety. Thank you for your attention to this important matter.

Very truly yours

Jay Gregg
