NHTSA Recall 12V-124

IMPORTANT SAFETY RECALL NOTICE

Dear CR-V Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

What is the reason for this notice?

Honda has decided that a defect which relates to motor vehicle safety exists in certain 2006 model year CR-V vehicles. A weld on the passenger-side lower suspension arm may break resulting in a loss of steering and increasing the risk of a crash.

What should you do?

Call any authorized Honda dealer and make an appointment to have your vehicle inspected and, if necessary, repaired *at no cost to you*. The dealer will inspect your vehicle and replace any affected passenger-side lower suspension arm. The complete process (inspection and, if affected, replacement) may take approximately 60 minutes; however, your vehicle will need to be at the dealer for a longer period of time. We recommend that you plan to leave your vehicle for half a day to allow the dealer flexibility in scheduling.

Who to contact if you experience problems?

If you are not satisfied with the service you receive from your Honda dealer, you may write to:

American Honda Motor Co., Inc.
Honda Automobile Customer Service
Mail Stop 500-2N-7A

If you believe that American Honda or the dealer has failed or is unable to remedy the defect in your vehicle, without charge, within a reasonable period of time (60 days from the date you first contact the dealer for a repair appointment), you may submit a complaint to:

Administrator
National Highway Traffic Safety Administration
1200 New Jersey Ave., SE
Washington, DC 20590

Or call the toll-free Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to <http://www.safercar.gov>.

What if you already had your vehicle repaired for this issue.

If you previously paid to have the passenger-side lower suspension arm replaced, you may be eligible for reimbursement. Refer to the attached *Instructions for Reimbursement* for the eligibility requirements and the reimbursement procedure.
