Subject: Southern Honda Powersports/AQ12-001 - Information Request

Dear Mr. Borris,

I'm working on the subject request, but most likely will not be able to provide everything by the requested date of October 30. Therefore, I wanted to request an additional 5 working days to complete. I spoke to John Piazza a little earlier today and he indicated that would be OK, but that I should send this e-mail.

Please let me know if you have any concern.

Thank You,

James Jongkind
