Tim,

The Office of Defects Investigation (ODI) has received your request for an extension to the required response date for the Information Request (IR) letter mailed to you on 3/25/2013 and related to investigation PE13-005. The information requested in the IR is due by the specified date in order to keep the subject investigation on schedule and to minimize any risk the alleged defect may pose to the public.

With this in mind, ODI does however appreciate the effort that goes into responding to an IR letter and your requested extension to the response date for the subject IR letter is granted. The new due date is 5/14/2013. Please submit those portions of the request that can be answered by the original due date in a partial response.

Thank You,
Bruce York
