Honda recently mailed you an important safety recall notice regarding your 2001-03 Civic/2002-03 CR-V/2002 Odyssey. This notice explains that a problem potentially exists with your vehicle's front passenger airbag inflator that may cause the inflator to be over-pressurized upon deployment, causing it to rupture, possibly ejecting shrapnel and endangering vehicle occupants. The notice also outlines what you need to do, including how to obtain the recall repair, free of charge, at any authorized Honda dealer. If you need help finding a Honda dealer, or do not receive the notice within five days, please call 1-800-999-1009, and select option 4. Thank you.
