Memorandum

Subject: Recall 13E-014 **Date:** June 9, 2013

From: Cynthia Glass 
General Engineer, RMD

To: Memo to File

On June 8, 2013, Andrew Lukensmeyer, Product Safety Officer for Regulator Technologies at Emerson Process Management verified that the distributors involved in the above-referenced recall campaign were not vehicle manufacturers and did not use the release valve for original equipment.

Accordingly, all product affected by the defect has been recalled and an Equipment Query investigation is not needed.
