Motor Vehicle Recall Notification - Recall Campaign No. 13V-169

Dear Valued Customer:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

REASON FOR THIS RECALL

Newmar Corporation has decided that a defect which relates to motor vehicle safety exists in specific motor homes.

Following notification from Dometic Corporation, Newmar has determined that a potential hazard exists in certain motor homes. The affected motorhomes were equipped with Dometic power side awnings which have been determined by Dometic to have potentially defective power awning motors due to the possibility of an improper hardware installation sequence. Dometic has determined that the possibility exists that the side awning may unfurl unexpectedly due to this problem and Dometic will be conducting a recall of these awnings to make certain hardware changes to alleviate this potential defect. These motorhomes require immediate service. The side awning on these motorhomes may unfurl without warning with risk of personal injury or a vehicle crash.

These motor homes require immediate service. Continued use poses a potential safety hazard.

WHAT WE WILL DO

Dometic Corporation will provide owners of all affected motor homes a remedy for the potential defect at no charge for parts or labor. This remedy consists of replacing the defective awning motor with a new awning motor/drive assembly.
