Cynthia

In response to recall EQ 13-004, involving Dometic Corporation. The two defective awnings that we purchased from Dometic were repaired by Bill's RV Appliance Inc. Bill's is a certified Dometic warranty center. The repairs to the defects on both units were done on 5/13/13.

The two defective awnings were mounted on units when repaired by Bill's. The units had never left the possession of or the grounds of ShowHauler, before the repairs were made. At no time was the retail customer aware of the defect nor did they know we had it fixed.

A handwritten signature in black ink, appearing to read "Chad Troyer", with a long horizontal flourish extending to the right.

Chad Troyer

General Manager
