Hello Dale,

Per our telephone conversation, this is to confirm that GM has agreed to provide ODI information related to reports of asymmetrical deployments (i.e., passenger air bag deployed but driver air bag did not) and reports of driver air bag non-deployments (i.e., only driver air bag is mentioned in the report). For each such report, GM will provide all documents as requested in questions 2 through 4 in ODI's information request dated June 13, 2013.

If you have any questions, please let me know. Thanks.
