Re: Safety Recalls EQ 13-006, 13E-039

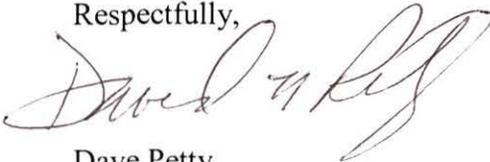

Dear Ms. Timian,

Please find attached a Part 573 Report referencing the above safety recalls. When we originally received the recall notice we contacted our supplier, Wesco Distributing regarding the involved locks. After discussion with our representative it was agreed that they would perform the required actions necessary regarding these locks. They drafted the Part 573 report which we reproduced on our letterhead and gave to them to file.

Last week we were informed that they would not be able to file this 573 report so we are submitting the report today. When we are issued our recall number they have assured us that they will complete notification to end users and handle replacement of any defective parts.

I am attaching a copy of our original notice, correspondence between our purchasing manager and our distributor's rep as well as the completed 573 report. If you have any questions or concerns please contact me directly.

Respectfully,

Dave Petty  
CFO  
Mirage Enterprises, Inc.

Mirage Enterprises

Part 573 Report

Date: August 30, 2013

This report serves as notification by **Mirage Enterprises** to the National Highway Traffic Safety Administration (“NHTSA”) that a motor vehicle safety-related issue exists in certain travel trailer locks supplied by Fastec Industrial Corp., a division of WESCO Distribution, Inc., for installation in the doors of Recreational Vehicles (“RVs”). Additional information concerning the recalled locks can be found in Fastec’s Part 573 Report that was separately filed on July 11, 2013 with an assigned NHTSA Recall #13E039.

**I. Manufacturer, Designated Agent, and Other Chain of Distribution Information**

Filing Firm Name: **Mirage Enterprises**  
Address 1: 2212 Industrial Road  
City: Nampa  
State: ID  
Postal Code: 83687  
Email address: Rob@mirageinc.com  
Telephone: (208) 461-7776  
Fax: (208) 461-0025  
Web Site: <http://www.miragetrailers.com/>

Contact Person: Rob Swikert  
Title: President  
Email address: Rob@mirageinc.com  
Telephone: (208) 461-7776  
Fax: (208) 461-5717

Importer/Distributor: **Fastec Industrial Corp.**  
2219 Eddie Williams Rd  
Johnson City, TN 37601

Manufacturer: **Zhongshan Huafeng Locks Co., Ltd.**  
South of Yongning Industrial Avenue  
Xiaolan Town, Zhongshan, Guangdong  
People's Republic of China

**II. Identification of the Recall Population and Its Size**

Type of Equipment:

The product consists of certain travel trailer locks with a keyed paddle handle and deadbolt (the "locks") installed in the doors of RVs. Only FIC locks that have an integrated deadbolt are affected by this recall. The RVs potentially affected by the recall are as follows:

Brand: Mirage Trailers  
Model Nos: Various  
Model years: January 2006 – April 2013.  
Body Style/Type: Cargo Trailers

Total Product Sold:

Mirage Trailers sold a total of 268 trailers with an FIC deadbolt lock between January 1, 2006 and April 25, 2013. This total includes locks with any key code, not just the subset of 20 key codes that may be affected by the recall.

Current Inventory Estimates:

Mirage Trailers has reviewed its current inventory of travel trailers and has replaced all potentially affected locks in its inventory

Percentage of Recall Population Estimated to be Affected:

**Mirage Trailers** believes that some unknown subset of travel trailers with an FIC deadbolt lock sold between January 2006 and April 2013 may potentially be affected.

**III. Description of Issue and Type of Hazard**

In or about June/July 2013, Fastec notified **Mirage Trailers** that Fastec intended to initiate a recall of the potentially affected locks due to a potential jamming issue with the deadbolt cylinder. If a lock is affected, the key may be able to be removed from the locked door when the key in the deadbolt cylinder is in the horizontal 9 o'clock position, potentially jamming the deadbolt and potentially causing the red lever on the interior side of the lock to become inoperable. In that event, a person inside the travel trailer may not be able to unlock and open the main RV door, but he or she could still exit the trailer from the emergency exit.

**IV. The Remedy Program and Its Schedule**

Upon approval of the proposed recall and the recall announcement, **Mirage Trailers** will work with Fastec to notify consumers of the recall. **Mirage Trailers** estimates that it will issue consumer notifications in the fourth quarter of 2013. **Mirage Trailers** will coordinate the recall efforts with Fastec and will refer consumers to Fastec for free replacement of the cylinders in any affected locksets as described more fully in Fastec's Part 573 Report.
