Pursuant to Part 573 of Title 49 of the Code of Federal Regulations - Defect and Noncompliance Reports, Eldorado National California, Inc. is submitting information relating to a safety recall we are conducting. Specific information is as follows:

573.6(c)(1) Vehicles affected are manufactured by:

Eldorado National California, Inc.
9670 Galena Street
Riverside, CA 92509

573.6(c)(2) The following vehicle models are being recalled:

2013 XHF-32 and 2013 EZRM-35 passenger buses.

573.6(c)(3) The total number of vehicles involved in this recall:

13

573.6(c)(4) The approximate percentage of the total number of vehicles to contain the defect:

This report applies to 13 buses manufactured for use with CNG fueling capabilities.

573.6(c)(5) Description of the defect:

A pressure relief device ("PRD") manufactured and sold by Circle Seal Controls was installed in buses manufactured by Eldorado National California, Inc. Circle Seal Controls has determined that the PRD manufactured between July 2011 and December 2013 is subject to failure that could result in the release of compressed natural gas in cold environments.

573.6(c)(6) The following is a summary of all the events that were the basis for determining the defect.

Eldorado National California, Inc. was notified of the defect by Circle Seal Controls. Eldorado National California, Inc. has not received any reports of actual failures or fires on its buses as a result of the part failure. Based upon the report provided by the component manufacturer Eldorado National California, Inc. has determined a safety recall is necessary to prevent an unintended accumulation of CNG within an enclosed area.

573.6(c)(7) Test results or data:

Eldorado National California, Inc. has not undertaken any testing of the part in question and is relying upon information provided by Circle Seal Controls

EIDorado National - California
