Harley-Davidson Recall No. 0157

NHTSA Recall No. 14V-319

Dear Harley-Davidson Motorcycle Owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Harley-Davidson Motor Company, Inc. has decided that a defect which relates to motor vehicle safety exists in certain ABS equipped model year 2014 Touring and CVO Touring motorcycles. We are notifying you because our records indicate that you own one of the affected motorcycles.

What is the Issue?

Some of these motorcycles may have been assembled with a front brake line in a position where it could become pinched between the fuel tank and the frame, either at original assembly or during subsequent service activity. If this condition remains undetected it could cause front brake fluid pressure to increase while riding, possibly resulting in a front wheel lock-up, which may lead to a crash. Harley-Davidson has initiated this recall to correct this condition in the affected motorcycles.

What Should You Do?

Please contact your authorized Harley-Davidson motorcycle dealer immediately and arrange an appointment to have your motorcycle repaired. Your dealer will confirm that your motorcycle is covered by this recall. If covered, the dealer will inspect your motorcycle for brake line damage and replace damaged lines as necessary. The dealer will also install one or two cable straps, depending on when your motorcycle was built, to retain the lines. The inspection and repair will take less than one hour to perform if there is no brake line damage. However, due to scheduling, the dealer may require your motorcycle for a longer period of time. To verify that the service has been completed, your dealer will ask you to sign a recall claim.

If you have sold your motorcycle and have an address for the current owner, it is important that you forward this notice to the new owner. Alternatively, you may contact us at the Harley-Davidson phone numbers listed below and provide us the contact information for your purchaser so that we may notify the new owner of this recall. Also, Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you take your motorcycle to your dealer on a mutually agreed upon date and they are unable to perform the required service to your satisfaction, please contact Harley-Davidson Motor Company, Inc. for immediate assistance at 1-800-258-2464 in the U.S. or 1-414-343-4056 world-wide.
