Recall No. 14V-324

Dear Forest River Customer,

This notice is sent to you in accordance with the requirements of the National traffic and Motor Vehicle Safety Act.

Forest River, Inc. has determined that certain model year 1/16/2014 to 5/28/2014 Viking Epic 1706LS and Coachmen Sport 806LS has failed to conform to the certification labeling requirements of Federal Motor Vehicle Safety Standard No. 120, "Tire Selection and Rims for Motor Vehicles other than Passenger cars." the Federal Compliance Label and the Tire and Loading Information Label located on the lower roadside front of the unit contain improper listing of the tire pressure. Inflation of the tire with the tire pressure specified on the Federal Certification Label and Tire Information Label may result in tire over inflation which may cause possible failure under certain conditions, and may result in property damage or possible personal injury. According to the National Highway Traffic Safety Department we are required to make the necessary correction.

Enclosed are corrected labels. Please clean the area of the incorrect label with alcohol or any non-residue cleaner and apply the corrected label over the top of it.

If it is more convenient you may make an appointment and take your trailer to your dealer and have him put on the labels at no charge to you.

If your dealer or service center is unable to make the repair please contact the Viking RV, Inc. Service and Warranty Department at P.O. Box 549 Centreville, MI 49032 or telephone 1-269-467-6321 for a repair station near you.
