Safety Recall Notice 14S14 / NHTSA Recall 14V-405
Aviso de Revisión de Seguridad 14S14

This notice applies to your vehicle:

Your Vehicle Identification Number:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company has decided that a defect which relates to motor vehicle safety exists in your vehicle, which was built on a chassis supplied by Ford, with the Vehicle Identification Number shown above.

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition. Our commitment, together with your Ford dealer, is to provide you with the highest level of service and support.

What is the issue? On your vehicle, the brake caliper piston bore may be out-of-round causing the piston seal to leak brake fluid. If the caliper piston seal is leaking, you will experience longer pedal travel and extended stopping distances, increasing the risk of an accident

What will Ford and your dealer do? Ford Motor Company has authorized your Ford dealer to inspect all four brake calipers and replace as required, free of charge (parts and labor).

How long will it take? The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your Ford dealer may need your vehicle for a longer period of time.

What should you do? Please call your Ford dealer without delay and request a service date for Recall 14S14. Provide the dealer with the Vehicle Identification Number (VIN) of your vehicle. The VIN is printed near your name at the beginning of this letter.

If you do not already have a servicing dealer, you can access www.Fordowner.com for Ford dealer addresses, maps, and driving instructions.

Ford Motor Company wants you to have this safety recall completed on your vehicle. The vehicle owner is responsible for making arrangements to have the work completed. Ford Motor Company can deny coverage for any vehicle damage that may result from the failure to have this recall performed on a timely basis. Therefore, please have this recall performed as soon as possible.

Please note: Federal law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

What if you no longer own this vehicle?

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner.

You received this notice because government regulations require that notification be sent to the last known owner of record. Our records are based primarily on state registration and title data, which indicate that you are the current owner.

Can we assist you further?

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance.
