RE: NHTSA Campaign No. 14V-421 - Supplemental Information Report

Dear Ms. Lewis:

On July 10, 2014, Mitsubishi Motors North America, Inc. (MMNA) sent you a letter stating that MMNA would cooperate in good faith with NHTSA regarding this investigation. MMNA further stated, however, that MMC had not made an independent safety defect determination, had not approved a safety recall, and was unaware of any injuries and/or accidents related to this alleged issue. That position remains unchanged.

In order to best cooperate with NHTSA during this investigation, MMNA will conduct a limited regional special service campaign. Information regarding the number and model year vehicles that will be involved in this campaign is as follows:

Vehicles Subject to Investigation

Certain vehicles of the following model year and manufacturing period:

Make	Line	Model Year	Manufacturing Period
Mitsubishi	Lancer	2004-2005	June 16, 2003 – December 8, 2004

Total Number of Vehicles

Vehicle Line	Number of Vehicles
Lancer	11,985

Sincerely,
