IMPORTANT

River Road Grateful Dead (Cyber U-6) Cyclops Vintage and Steal Your Face Sepia Vintage helmets in sizes Small and Medium, manufactured in December 2012, are being recalled.

You should cease all sales on the affected helmets and return them for credit.

Why is a recall being conducted? In baseline requirements established by the NHTSA, test FMVSS No. 218, acceleration in excess of 200g exceeded 2.0 MS, on the low temperature helmet impact test, 2nd impact. According to test results, the rider may not be adequately protected in the event of a crash.

What are we doing about the problem? Tong Ho Hsing Industrial Co., LTD, through Tucker Rocky Distributing, will provide a replacement helmet, which complies with FMVSS 218 to all affected users of the helmet.

What should you do? Retailers who are still in possession of the helmets should immediately cease all sales of the affected helmets, and return them to Tucker Rocky Distributing for credit. We ask that all retailers post the enclosed recall notification in an appropriate location within their store. Please be advised, it is a violation of Federal Law for a dealer to sell any new or used item of motor vehicle equipment covered by a notification of noncompliance or recall. All purchasers/owners of the affected helmet should return the product to the retailer, where the helmet was purchased, for exchange. Upon receipt of the returned helmet, the retailer will contact Tucker Rocky for a Return Goods Authorization (RGA), and make arrangements for the appropriate size and model of replacement helmet to be shipped to the retailer from Tucker Rocky. If a helmet owner is unable to contact the original retailer, the helmet owner should contact Tucker Rocky Distributing at 1-866-217-7750 or email helmetinfo@tucker-rocky.com for helmet exchange instructions.
