IMPORTANT SAFETY RECALL

NHTSA Recall Campaign Number: 14E048

Date: September 25, 2014

To: Imperial Supplies, LLC Customers,

Re: Triangle Warning Kit PN 5025 and 5025-3 labeled "C&J" Sold by Imperial Supplies, LLC between January 1, 2012 and July 1, 2014.

This Safety Recall Notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Our sales records (see attached Customer Purchase Summary) show that your company purchased the subject triangle warning kits on or after January 1, 2012.

Imperial Supplies, LLC ("Imperial") has decided that certain triangle warning products fail to conform to the Federal Motor Vehicle Safety Standard (FMVSS) No. 125, "Warning Devices". This Standard establishes shape, size and performance requirements for non-powered day and night warning devices that can be erected on or near the roadway to warn approaching traffic of the presence of a stopped vehicle. The purpose of this standard is to reduce rear-end collisions between moving traffic and disabled vehicles. Non-conformance of triangle warning kit(s) could result in reduced visibility for a moving vehicle of a disabled vehicle, increasing the risk of a crash.

WHAT YOU SHOULD DO: Examine the subject product to determine whether the company name of "C&J" and the appropriate manufacturing date are identified on the product (see attached photo). **Only triangle warnings with the manufacturing dates between April, 2011 and April, 2014 are subject to this recall.** Complete the enclosed Customer Product Return Form advising of how many warning triangle(s) are in your possession and/or control. If you are not the end user or a reseller of the subject triangle warning product, please forward this recall notice to the end user and/or reseller for follow-up.

WHAT WE WILL DO: Once Imperial receives the completed Customer Product Return Form, Imperial will issue and send to you a Call Tag with shipping instructions for you to return the subject product to Imperial. Once Imperial receives the returned subject product, Imperial will confirm manufacture by C&J and the Manufacturing dates of concern, and promptly issue a credit to your account for your purchase price of the subject product.

If you choose to purchase new triangle warning kits, please talk to your Imperial Supplies telesales account manager, and they can assist you with the new order.

If you have a complaint regarding the implementation of this recall, you may submit it to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, SE, Washington DC 20590; or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153); or go to <http://www.safercar.gov>.

We regret any inconvenience that this recall may cause you, but we want to assure that any possible safety issue associated with warning triangles we sold is promptly addressed. If you have any questions about this recall, please contact Imperial Supplies, LLC's Customer Service at 1-800-558-2808, ext. 4964344.
