

IMPORTANT SAFETY RECALL REMINDER

Dear

According to our records, your Suzuki vehicle is affected by Safety Recall “XC.” The XC Recall involves your vehicle’s Daytime Running Light (DRL) module, and this critical recall repair may not have been completed. This DRL module may overheat, and if heat generated within the DRL Module becomes excessive, there is an increased risk of a vehicle fire, so please don’t delay in completing the recall repair!

Recall “XC” is an IMPORTANT **SAFETY RECALL**. For your safety, and that of your passengers, it is very important that the required repair be completed as soon as possible. We recognize that you are very busy, but please contact your authorized Suzuki Service Provider to schedule an appointment as soon as possible. Please provide them with Recall Identification “XC” so they can confirm your vehicle’s repair status and schedule your repair appointment. For your convenience, we have included your closest authorized Suzuki Service Providers or you can find a Suzuki Service Provider at www.suzukiauto.com or call (877) 697-8985. Also, your Suzuki Service Provider will be able to answer any questions you might have regarding this IMPORTANT **SAFETY RECALL**.

Recall “XC” will be performed free of charge for parts and labor.

We sincerely regret any inconvenience that this recall may cause, but we are certain you understand our interest in maintaining you and your passengers’ safety. Please schedule this SAFETY RECALL REPAIR to help ensure that your Suzuki vehicle provides continued driving satisfaction and reliability in the future.
