AUTHENTIC PERFORMANCE

April 8, 2014

TO: **SELECT CHRYSLER GROUP DEALERSHIPS**
ATTN: **DEALER PRINCIPAL, GENERAL MANAGER, SERVICE MANAGER & PARTS MANAGER**

SUBJECT: **SAFETY RECALLS N49 AND N62 TIE ROD KIT, OUTER END – CBUEN491AB AND ANY FUTURE SUPERSEDING PART NUMBERS**

We have begun the initial distribution of the new part CBUEN491AB (which includes any future superseding part numbers) for the Safety Recalls N49 and N62 Tie Rod Kit, Outer End. We are distributing parts based on a replenishment strategy. Once you have used a part from your inventory and processed a warranty claim for the part replacement a new part will be sent to your Dealership. In order to receive additional parts in a timely manner, Dealers need to process their warranty claims for the Recall completion in a timely manner.

Please Note: If the Safety Recalls N49 or N62 Tie Rod Kit, Outer End has already been performed with the CBUEN491AA no further action is necessary at this time.

Reminder: We are asking that you ***immediately return part number: CBUEN491AA for quality verification****.*

Upon receipt of the parts, your dealership will be cleared for distribution of the new replacement part once it becomes available. If you have already initiated the return – thank you for your attention to this matter.

Please immediately return parts to your Facing PDC using **Return Code 02**.
