Mfr's Report Date: June 3, 2015

NHTSA Campaign Number: 15V-359

Components:

SUSPENSION:REAR:AXLE:NON-POWERED AXLE ASSEMBLY

Potential Number of Units Affected: 1,497

Problem Description:

Forest River, Inc. (Forest River) is recalling certain model year 2016 Evo, Salem, Sandstorm, Shockwave, Stealth, Wildwood, Cherokee Grey Wolf, Wildcat Maxx, Vibe, R-Pod, and Surveyor trailers. In the affected trailers, the studs that are used to attach the wheels to the axle hubs may break.

Consequence:

If the wheel studs break, the wheel could detach from the vehicle, increasing the risk of a crash.

Remedy:

Forest River will notify owners, and dealers will inspect and replace any affected wheel hub, free of charge. The recall is expected to begin August 1, 2015. Owners may contact Forest River customer service at 1-909-873-3777. Forest River's number for this recall is 51-05142015-0037.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

You are required to submit copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
