Subject: Slide Room may Extend While Vehicle is in Motion

Dear Bernie Garceau:

This letter serves to acknowledge Norco Industries Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

NORCO/ACCU SLIDE ROOM MECHANISM/9999

Mfr's Report Date: June 26, 2015

NHTSA Campaign Number: 15E-057

Components:

EQUIPMENT:RECREATIONAL VEHICLE

Potential Number of Units Affected: 5,743

Problem Description:

Norco Industries Inc. (Norco) is recalling certain Accu Slide room mechanisms manufactured March 3, 2015, to March 16, 2015. The screws that attach the expanding room to the sliding mechanism cable may fail allowing the room to extend unintentionally while the vehicle is in motion.

Consequence:

If the room extends while vehicle is in motion, there is an increased risk of a crash.

Remedy:

Norco will notify owners, and dealers will replace the screws that secure the drive chain, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Norco customer service at 1-574-262-3400.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

As stated in Part 5736.6, please identify each company that purchased this defective equipment for installation into new motor vehicles or items of motor vehicle equipment. This information must be added to your Part 573 Report in the section labeled 'Purchaser Information'.

The information in your report suggests that (mfr) may have been aware of this issue more than five business days before filing a report with NHTSA. Please be reminded that under Federal law, this agency is to be notified of all safety defect and/or noncompliance decisions within five business days. 49 CFR 573.6 Significant civil penalties can be assessed for this violation.

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
