RE: **Notice of Recall 2015-01 (NHTSA 15V-404) Sprinter SRS Connector**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Roadtrek Motorhomes Inc. (Roadtrek) is recalling certain model year 2014 CS Adventurous, E-Trek, RS Adventurous, SS Agile, and TS Adventurous vehicles manufactured from September 18, 2013, through April 9, 2015, and built on a Mercedes-Benz Sprinter Chassis. The affected vehicles have electrical wiring connections under the front seats that can become dislodged or damaged and prevent the optional front seat SH9 Thorax air bags from deploying. If the front thorax air bag fails to deploy in the event of a crash, the seat occupant has an increased risk of injury.

Corrective action requires the removal of the suspect terminals and installation of new certified heat shrinkable connectors. It should take less than 2 hours to complete the recall.

Complete and detailed instructions will be provided as requested. For these instructions and more information contact our Service and Warranty department at service@roadtrek.com or toll free at 1-888-ROADTREK (762-3873).

For affected vehicles that are in your inventory or have been sold by your dealership for which we have not received registration, please contact the Service and Warranty department at 1-888-762-3873. You are requested to carry out the corrective action and complete the recall form prior to vehicle delivery.

Federal regulations require that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

We regret any inconvenience these actions may cause.
