Subject: Manual Master Body Power Disconnect Switch

Dear Billy Miles:

This letter serves to acknowledge E-One Incorporated's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

E-ONE/PUMPER/2013-2016
E-ONE/RESCUE/2013-2016
E-ONE/TANKER/2013-2016

Mfr's Report Date: August 13, 2015

NHTSA Campaign Number: 15V-529

Components:

EQUIPMENT:ELECTRICAL

Potential Number of Units Affected: 164

Problem Description:

E-One Incorporated (E-One) is recalling certain model year 2013-2016 E-One Pumpers, Tankers, and Rescue vehicles manufactured using International truck chassis from May 5, 2012, to May 16, 2015. The vehicles are equipped with a manual master body power disconnect switch that activates various side and rear lights as well as the sirens. However, the switch was not linked to the vehicle start circuit, such that an operator may operate the vehicle without the requisite lighting.

Consequence:

An emergency vehicle operated without side and rear lighting, its sirens, or warning lights, increases the risk of a crash and injury to its and other vehicle occupants.

Remedy:

E-One will notify owners, and dealers will install a relay that will interlock with the engine start circuit so the vehicle cannot be operated until the switch has been engaged, free of charge. The recall is expected to begin September 10, 2015. Owners may contact E-One customer service at 1-904-237-1122.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received E-One's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
