 Not sequential VINs**Description of Defect :**

Description of the Defect : The vehicles fail to comply with S4.3.3 of Federal Motor Vehicle Safety Standard (FMVSS) No. 110. Specifically, the wheel and tire size information shown on the Part 567 Certification label incorrectly lists a 16 inch wheel size instead of the correct 17 inch wheel size. The Tire and Loading Information label adjacent to the Certification label contains the correct 17 inch wheel and tire size information.

Description of the Safety Risk : There is no safety risk as this vehicle comes standard with 16 inch wheels and tires. However, incorrect wheel and tire size information on the Certification label can be very confusing to the customer.
