STEALTH/PROWLER/2016
STEALTH/SUPER-LITE/2016
STEALTH/TITAN/2016
STEALTH/TITAN SE/2016
STEALTH/VIPER/2016

Mfr's Report Date: September 21, 2015

NHTSA Campaign Number: 15V-588

Components:

SUSPENSION:REAR:AXLE:NON-POWERED AXLE ASSEMBLY

Potential Number of Units Affected: 165

Problem Description:

Stealth Enterprises LLC DBA Stealth Trailers (Stealth Trailers) is recalling certain model year 2016 Qualitec Gooseneck and Yukon, Stealth Super-Lite, Predator, Intruder, Car Hauler Express, Gooseneck, Liberty, Liberty Limited Edition, Phantom I, Prowler, Titan, Titan SE, Viper, and Coldshore trailers manufactured March 9, 2015, to March 23, 2015. In the affected trailers, the studs that are used to attach the wheels to the axle hubs may break.

Consequence:

If the wheel studs break, the wheel could detach from the vehicle, increasing the risk of a crash.

Remedy:

Stealth Trailers will notify owners, and dealers will replace any affected wheel hub, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact Stealth Trailers customer service at 1-574-848-5900.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Stealth Trailers' proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As required in Part 573.6(c)(6), in the case of a defect, please amend your provided chronology to include all of the dates of the principal events that were the basis for the determination that a defect related to motor vehicle safety exists. Please provide this information as soon as possible.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
