

SAFETY RECALL NOTICE

To: All Center Operators, Sales Managers, Service Manager, Parts Manager and Warranty Processor

RE: Recall 15V-205: OC3 Seat Occupancy Mat, SI M65 02 15

MINI has decided that a safety defect exists in certain R50 (Cooper) model year 2005-2006, R52 (Cooper Convertible, Cooper S Convertible) model year 2005-2008, and R53 (Cooper S) model year 2005-2006 vehicles and has issued a recall to address the issue, effective April 3, 2015.

The defect involves the front passenger seat occupancy detection mat sensor. This defect could result in the front passenger airbag became deactivated.

Owners will/have been notified by mail about the recall and will be instructed to bring their vehicles in for a free repair.

Please be reminded that it is a violation of Federal law for you to sell, lease or deliver any vehicle covered by this notification until the recall repair has been performed. This means that centers may not legally deliver new motor vehicles to a consumer until it is fixed or use/sell replacement equipment/parts subject to a Recall. Note also that substantial civil penalties apply to violations of this law.

Also, you should not sell, lease or delivery any Certified PreOwned or used vehicles subject to a safety recall until the repair is completed.

Please follow any special instructions that we provide to you for the return or disposition of recall parts.

We appreciate all your assistance with this Recall.
