YOU NEED TO TAKE ACTION NOW

YOUR 2006 SUZUKI GRAND VITARA REQUIRES A SAFETY REPAIR

We have discovered a safety defect in your Suzuki **YEAR Grand Vitara**.

Affected vehicles may develop an electrical circuit disconnection within the front passenger sensing system sensor mat that is built into the front passenger seat bottom cushion. In a frontal impact of significant magnitude, the front air bag will deploy - even with a child in the front seat.

Air bag deployment with a child in the front passenger seat increases the risk of severe injury or death to the child. Please do not install a child restraint in the front seat and have all small passengers, such as a child who has outgrown child restraints, or a small adult, sit in the rear passenger seats until this repair is complete.

THE SAFETY OF YOU AND YOUR PASSENGERS IS OF UTMOST IMPORTANCE TO SUZUKI MOTOR OF AMERICA, INC.

We will replace the passenger sensor mat of the supplemental restraint system at no charge to you.

SCHEDULING YOUR FREE REPAIR IS QUICK AND EASY CALL NOW: 1-844-597-6530

Monday through Friday, 7 a.m. to 6 p.m. CST.
We will assist you in scheduling this free repair at a time and location that is most convenient for you.

When scheduling this free repair, you'll need to provide your VIN (Vehicle Identification Number), replacement part number and Safety Recall number. For your convenience we have provided most of this information below and to the left. Your full VIN can easily be seen through the windshield on the front driver's side dash.

YOUR RECALL INFORMATION
