# URGENT SAFETY RECALL NOTICE

## YOUR AIRBAG MAY NOT BE SAFE

We have discovered a safety defect in your **Suzuki [YEAR] [MODEL]**. The front passenger sensing system sensor mat that is built into the front passenger seat bottom cushion may develop an electrical circuit disconnection. In a frontal impact of significant magnitude, the front airbag will deploy - even with a child in the front seat.

**Airbag deployment with a child in the front passenger seat increases the risk of severe injury or death to the child.**

Please do not install a child restraint in the front seat and have all small passengers, such as a child who has outgrown child restraints, or a small adult, sit in the rear passenger seats until this repair is complete. Contact us today to address this important passenger safety issue.

**CALL YOUR RECALL RESOLUTION SPECIALIST NOW:**

# 1-844-597-6530

Monday through Friday, 7a.m. to 6p.m. CST. We will schedule an appointment with you to have this Safety Recall resolved at no charge.

When scheduling this free repair, you'll need to provide your VIN (Vehicle Identification Number), replacement part number and Safety Recall number. For your convenience we have provided most of this information below and to the left. Your full VIN can easily be seen through the windshield on the front driver's side dash.

*Thank You,  
Suzuki Recall Resolution Team*
