1200 New Jersey Avenue, SE
Washington, DC 20590

Dear Mr. Yon and Ms. Yukevich,

RE: NHTSA Investigation Request DP16-001

On behalf of my client, IEE Sensing, Inc. ("IEE") I would like to set up a conference call with you and Stephen Selander of the Selander Law Office, PLLC to discuss an extension of time for IEE to respond to the NHTSA Investigation Request in DP16-001.

IEE has received your Defect Petition letter dated May 16, 2016. IEE is committed to working with the NHTSA to respond to the questions raised in the Defect Petition letter. However, we need to discuss the NHTSA request with our technical people in Luxembourg to determine what the IEE response should include. It would be very helpful if you could supply me with the attachments to the Defect Petition that you received from Troy Lyman.

Mr. Selander and I would like to have a short conference call to discuss an extension to respond to the Defect Petition's questions. If you are available for a short conference call tomorrow or Wednesday, we would be happy to set up such a call to discuss all the details.

Please let me know what day and time works best for you, and we will make ourselves available.

Very truly yours,

Patrick G. Seyferth

PGS/
