SUBJECT

Recall: Expanding 2013 Front Passenger Air Bag System

MODEL

E46 (3 Series)

Produced from June 1999 through August 2006

SITUATION

BMW has become aware that there may be potentially further issues involving the front passenger air bag system of certain BMW 3 Series vehicles, including M3 models. As a cautionary measure, BMW has decided to expand the 2013 Recall to cover Model Year 2000-2006 BMW 3 Series vehicles, including M3 models. The front passenger air bag will be replaced.

There are approximately 574,000 vehicles affected in the US.

The Questions and Answers and press release are attached to this SIB.

This SIB will be updated when additional information becomes available.
