Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Mfr's Report Date: October 21, 2016

NHTSA Campaign Number: 16V-773

Components:

EQUIPMENT:RECREATIONAL VEHICLE

Potential Number of Units Affected: 19

Problem Description:

Newmar Corporation (Newmar) is recalling certain model year 2017 Dutch Star and Ventana motorhomes manufactured May 17, 2016, to September 27, 2016. On certain motorhomes, the wardrobe slide out motor may have been installed without having a brake.

Consequence:

If the slide out motor does not have a brake installed, the slide out box could extend unexpectedly, increasing the risk of a crash.

Remedy:

Newmar will notify owners, and dealers will inspect the motor and replace it if necessary, free of charge. The recall is expected to begin December 19, 2016. Owners may contact Newmar customer service at 1-800-731-8300.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Newmar's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
