

**SAFETY RECALL N42 / NHTSA 13V-289
REPROGRAM BODY CONTROL MODULE**

Dear: (Name)

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Chrysler has decided that some **2014 model year Jeep® Grand Cherokee** vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108 – Lamps, Reflective Devices and Associated Equipment.

The problem is... The park lamps on your vehicle (VIN: xxxxxxxxxxxxxxxxxxxx) may not provide the design intent illumination. As a result, your vehicle fails to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 108 – Lamps, Reflective Devices and Associated Equipment. Loss of proper park lamp operation could make the vehicle difficult to see during night time driving and could result in a crash.

What your dealer will do... Chrysler will repair your vehicle free of charge (parts and labor). To do this, your dealer will reprogram the Body Control Module (BCM). The work will take about ½ hour to complete. However, additional time may be necessary depending on service schedules.

What you must do to ensure your safety... Simply contact your Chrysler, Jeep, or Dodge dealer right away to schedule a service appointment. **Please bring this letter with you to your dealer.**

If you need help... If you have questions or concerns which your dealer is unable to resolve, please contact the Chrysler Group Recall Assistance Center at 1-800-853-1403.

Please help us update our records by filling out the attached prepaid postcard if any of the conditions listed on the card apply to you or your vehicle. You may also update this information on the web at www.jeep.com/ownersreg.
